#### PROJECT DETAILS:

Typhoon Texas is a 25-acre water park designed and built by KDW based in Houston, TX. A major concern for water parks is perimeter security, as unauthorized entry could cause drowning. Fortress Fence was approached by Clements Fence to provide a solution. Fortress Titan product was selected for the project and provided the security needed along the perimeter at a competitive price.

#### PRODUCT DETAILS:

FT3 Titan 94' Industrial

#### PROJECT SOLUTION:

The general contractor visited the jobsite to show samples of product to help close the sale. Fortress Fence consulted with the design build firm and contractor to ensure a secure, cost effective option was installed.
